

## Message from the Director, Clinomic Centre for Research Centre Karnataka Branch

**Investing in People, Advancing Clinical  
Excellence**

Dear Team,

Today, I want to take a moment to acknowledge an essential part of our vision for the future: our Clinomic **Clinical Research Training Center**.

In clinical research, the integrity and success of every trial depend on the knowledge and preparedness of the people behind it. That's why this training center represents more than just infrastructure—it symbolizes our investment in people, in quality, and in the future of healthcare.

This center is where we build capability. Where new researchers learn the fundamentals, where experienced professionals refine their expertise, and where our culture of ethics, innovation, and excellence is instilled and strengthened.

As regulatory demands grow and scientific complexity increases, the importance of standardized, high-quality training cannot be overstated. Our center ensures that we are not only keeping pace with global standards—we are helping to set them.

Thank you to every individual involved in building, leading, and participating in this initiative. Your commitment is laying the foundation for safer studies, stronger science, and better patient outcomes.

Together, we're not just running training center, it's the future —we're shaping the future of clinical research.

### **Special Acknowledgment**

A heartfelt thank you to our CEO & Co-founder, **Dr Priyadarsh Vasanathan**, whose vision and leadership were instrumental in the creation and development of this training program. His unwavering commitment to advancing clinical research education has laid the foundation for a center that empowers professionals, strengthens our research capabilities, and upholds the highest standards of excellence.

His foresight continues to inspire us as we grow, evolve, and lead in shaping the future of clinical research

Warm regards,

**Dr Vaishnavi Kulkarni**  
**Director & CEO**
